Select a Disk

Which disk do you want to use?

Disk

- ☒ Create a new virtual disk

A virtual disk is composed of one or more files on the host file system, which will appear as a single hard disk to the guest operating system. Virtual disks can easily be copied or moved on the same host or between hosts.

- ☐ Use an existing virtual disk

Choose this option to reuse a previously configured disk.

- ☐ Use a physical disk (for advanced users)

Choose this option to give the virtual machine direct access to a local hard disk. Requires administrator privileges.
